ABID C. MOGANNAM

EDUCATION

University of California, Irvine School of Medicine
M.D., Expected 2011

The Paul Merage School of Business, Faculty Fellow
M.B.A., Expected 2011

Santa Clara University (SCU)
B.S., Combined Sciences, Spanish Minor, Cum Laude, 2004

Foothill College, Middlefield Campus
EMT – B Training Course, Summer 2000

WORK EXPERIENCE

Google Inc. 2005-2006
Operations Coordinator Mountain View, CA

Development team for new products and services. Developed and streamlined operations for Google Products® and Google Base® shortly after launch. Participated in special projects: quality assessment and translation.

SCU Department of Chemistry 2002-2004
Research Assistant Santa Clara, CA

With a grant from the Howard Hughes Medical Institute, completed a summer research internship that concluded in formal presentation of results to faculty and peers. Continued research part time throughout undergraduate studies.

Bayshore Ambulance Company Summer 2001
EMT – B Foster City, CA

Worked full time as an EMT – B in the South San Francisco Region during the last quarter and first summer break at the University.

LEADERSHIP EXPERIENCE

Surgery Interest Group 2010-Present
Education Outreach Coordinator Irvine, CA

Co-created a pilot program, Surgery Interest Group, for underprivileged high school students in Santa Ana CA. Worked with 180 students leading dissections and lectures designed to make biology more interactive. Student surveys indicate they are engaged and found the session helpful. Based on positive survey results and feedback, plans are being made to incorporate these sessions into the coursework next year.

Associated Medical Student Government 2006–2010
Webmaster Irvine, CA

Student representative and advocate for student resources. Built medical student section of the content management system for the school of medicine in Microsoft Sharepoint.

Emergency Medicine Interest Group 2007–2009
VP Operations Irvine, CA

Oversaw the operations of both the biannual student run symposium and high school outreach events that had 150 and 300 participants respectively. Developed and managed a website that allowed internet registration for the conference. For both events, coordinated teams of volunteers and equipment on the day of the event.

Santa Clara University Emergency Medical Services 2002–2003
Chief Director Santa Clara, CA

At a time of growth for the organization from 15 to over 40 members, coordinated a training program and conveyed to university administrators the value of a volunteer campus EMS service. As the organization grew, oversaw all aspects of the organization including: operations, continuing education, budget, and community relations. This group was responsible for providing campus medical response 6pm to 8am daily.

TEACHING EXPERIENCE

University of California, Irvine
Anatomy Tutor 2009–Present
Irvine, CA

Tutored in both individual and group settings for first year medical student anatomy course.

Media High Academy
Guest Lecturer 2006–2007
Oakland, CA

Led integrated dissection and discussions in a high school classroom: sheep heart dissection and fetal pig dissection.

SCU Department of Chemistry
General Chemisry Tutor 2002–2003
Santa Clara, CA

Led weekly discussions for a general chemistry section as well as tutored individual students on an as needed basis.

VOLUNTEER WORK

2009 – Present UC Irvine Student Run Free Clinic *Senior Volunteer*

Lead first and second year medical students through patient history and physical exams and have additional opportunities to work on developing differential diagnoses and treatment plans.

The Bethlehem Diabetes Project
Project Organizer Summer2007
Bethlehem, Palestine

Co-wrote a grant that funded a diabetes education and prevention project aimed at supporting care for refugees in a time where the United Nations reported increasing incidence of non-communicable, preventable diseases such as diabetes mellitus.

HONORS

Living Our Values Award 2008

UC Irvine Chancellor Michael V. Drake, M.D. chooses the recipients of the Living Our Values Award which honors members of the UC Irvine community (staff, faculty and students) whose actions, particularly in challenging or difficult circumstances, best embody the university's

values of respect, intellectual curiosity, integrity, commitment, empathy, appreciation and fun.

Student Service Award 2006&2007

The recipients of the Student Service Award are chosen by the student body for service to the student body.

John B. Drahman Prize in the Combined Sciences 2004

Established in 2001, this prize is awarded to the graduating senior combined sciences major who best exemplifies the hard-working and earnest values of John B. Drahmann, longtime Dean of Sciences and professor of Physics.
